

## PSA PRESENTATION DRILL:

Begin the drill at the 5-Yard Line. For more difficulty push back to the 7-yard Line!!!

From a compressed high-ready position, deliberately present the pistol (or rifle) and take one solid, effective shot within 3 seconds of presentation.

After taking the shot, and effective follow-thru, return back to the compressed high-ready position. On command, repeat until the magazine is empty.

**ONLY** shots inside the circles count!!!!

For better competition, try this drill with a shooting buddy and/or alternate circles!!!!

Remember....**SAFETY FIRST!!!**
